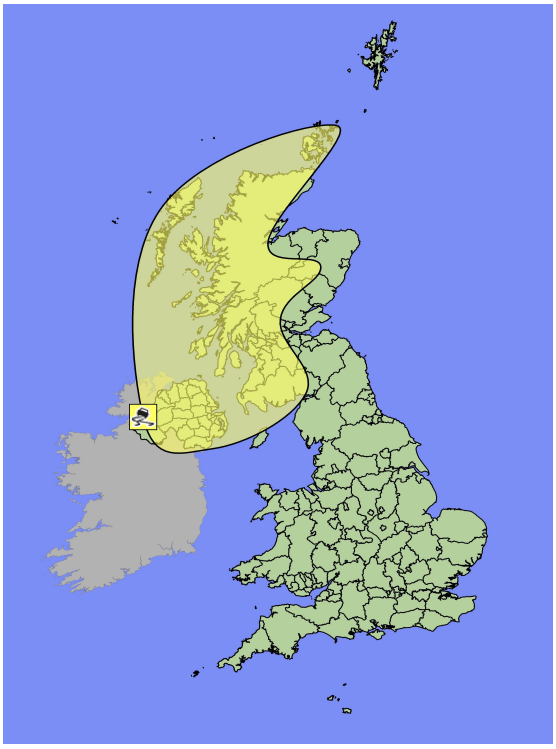
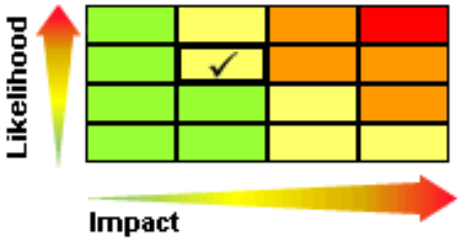
National Severe Weather Warning Service





Chief Forecasters Assessment
Clearing skies and light winds across northwestern parts of the UK will lead to a widespread frost and the risk of ice on untreated roads and pavements during Monday evening and overnight into Tuesday.

The Met Office have issued a **Yellow Warning** of **Ice**

Valid from **17:00 on Mon, 17th Dec 2012** until **11:00 on Tue, 18th Dec 2012**

Icy stretches are expected to form on untreated surfaces during Monday evening and overnight into Tuesday.

The public should be aware that this could lead to difficult driving conditions.
